Subordination of aircraft

Explanation

You have the option of having your aircraft stored in one of our hangars for a fee. You have two options: You can opt for a permanent rental contract with a contractually fixed entitlement to storage in one of our hangars. This contract is subject to license plate and holder restrictions and is non-transferable.

If you should decide to do so, please contact the airport administration for detailed contract conditions.

Alternatively, you can hangar your aircraft on a daily basis without a contract. In this case, we decide on a daily basis whether it is possible for us to store your aircraft in one of our hangars. If this is not possible for operational reasons, we will charge you the regular parking fees for the day. You will not be informed separately. In any case, we cannot guarantee you a specific hangar space.

The stowage and unstowage is carried out exclusively by our operational services and is included in the stowage fee, provided that the operation is related to the intention of a flight movement to be carried out.
